## CBJ CARES Grant Program Report

### **Juneau CARES Act Nonprofit Sustainability Grant Program Application** (attached)

"The COVID-19 pandemic severely impacted stewardship (eliminating budgetary gains made in FYQ1) and putting additional demands on the RLC Food Pantry (\$1,100 spent and \$3,900 expected, totaling \$5,000). Because of the COVID-19 pandemic, the church has lost almost all contributions from the various community groups that have used space at RLC for years. Additionally, expenses related to live streaming increased the churches GCI bill. These loses and additional expenses amount to \$3,660. The RLC Food Pantry has incurred and expects to incur for the remainder of this year, additional expenses for food, supplies and equipment directly related to the COVID-19 pandemic totaling \$5,000 for the year. To date, the equipment necessary to stream worship services and provide online social distancing meeting facilities been temporarily loaned or purchased by congregation members. In order to meet its 2020 requirements, RLC needs to reimburse/replace/purchase this equipment and acquire additional equipment at a cost of \$20,000, for which the church has already received a grant of \$1,500 from the ELCA Alaska Synod (maximum available), leaving a need for \$18,500.

Thus, this request for COVID-19-related expenses and loss of revenue of \$3,946 + RLC Food Pantry COVID-19-related food, supplies a and equipment \$5,000 + and RLC Live! Community Services COVID-19-related equipment \$18,500 = total grant request \$27,446."

#### Proposed Resolution

The \$27,446 of funds (which need to be used or returned by December 30, 2020) from the Juneau CARES Act Nonprofit Sustainability Grant will be allocated to the church's budget as follows:

COVID-19-related expenses and loss of revenue of	\$ 3,946.00
RLC Food Pantry COVID-19-related food, supplies a and equipment	\$ 5,000.00
RLC Live! equipment account	\$18,500.00

# Juneau CARES Act Nonprofit Sustainability Grant Program Guidelines & Application

## Nonprofit Sustainability Grant Program Guidelines

The City and Borough of Juneau (CBJ) received funding from the federal Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CBJ Assembly has been determining what funding is available for government, businesses, nonprofits, and individuals. The Nonprofit Sustainability Grant Program, funded with \$3,000,000 from the CBJ's CARES Act Budget, was established by Ordinance. The Juneau Community Foundation is the grant administrator for this program.

**Deadline: September 15, 5:00 pm**

### Grant Program Rules

The program is open to nonprofits that provide services to residents of CBJ, regardless of where the nonprofit has its main office – though the nonprofit must have a physical or service presence within the City and Borough of Juneau – and regardless of whether the local chapter or affiliate is part of a larger statewide or national organization.

The Juneau Nonprofit Sustainability Grant Program is open to all qualifying nonprofits. Nonprofits that applied for or obtained other state or federal COVID-19 related assistance are eligible to apply, but funds requested from this program must not be duplicative. Reporting requirements for this nonprofit grant program will be shared when grants are awarded.

A nonprofit may be eligible for a grant through this program while also obtaining a grant through other federal CARES Act-sourced funding. However, CARES Act grants cannot cover duplicative expenses or losses (e.g., cover the same expenses already funded through the Paycheck Protection Program, Emergency Injury Disaster Loan (EIDL) program, AK CARES small business loans, or other CARES Act-sourced funding). **In addition**, an applicant that has received a CBJ CARES Act Business Stabilization Grant, administered by the Juneau Economic Development Council, **may be eligible** for a grant under this program, **only if** their Business Stabilization Grant does not exceed the amount they are eligible for under this program.

Applicants will need to certify that the information provided is true and accurate, agree to assist in the verification of information provided in the application, and to provide additional information, if requested. Expenditures that are not eligible expenses will require repayment from the grantee. The names of nonprofits that receive grants, and the amounts and purposes for which they receive the funding will be considered a public record.

### Eligible Expenses

As per U.S. Treasury Department guidance of July 8, any expenditures of CARES Act funds must be related to the COVID-19 public health emergency and incurred between March 1 and December 30, 2020. For this City and Borough of Juneau program, eligible expenses include helping nonprofits recover from the loss of revenues during stay-at-home orders or other restrictions on normal operations. The grants of CARES Act funds can also be used to assist eligible nonprofits cover their additional expenses of operating during the public health emergency, such as personal protective gear, cleaning supplies and equipment and sanitizing work, modifications in service delivery due to social distancing, or other increases in operating costs.

Grants to nonprofits also may be used for establishing temporary health care services and facilities, COVID-19 testing, telemedicine and behavioral health services related to the public health emergency, services for older adults and individuals with disabilities, food delivery services, equipment and services to support or enhance distance learning for the community and individuals affected by the closure of schools to in-person classes, child protection and welfare services, assisting the homeless population, and personnel costs where duties have been significantly changed due to COVID-19. These are merely examples — there is no explicit list — though the overriding essential element of any allowable use of the funds is that the additional services or additional costs of maintaining existing services is in response to the public health emergency.

## Eligibility

The following are general eligibility rules. Specifics are addressed in the application.

- The grants will be available to IRS certified 501 nonprofits, including (c)3, c(4), c(6), c(7), c(19), or c(23). While (c)4 and (c)6 organizations are eligible, these funds cannot be utilized for lobbying or advocacy.
- The grants will be available to faith-based nonprofits, so long as they provide services that are promoted and available to the general public without regard to religious affiliation.
- The nonprofit must have been registered in Alaska on or before January 1, 2020, and be operating in the City Borough of Juneau since February 15, 2020
- A majority of the group's local board of directors or local advisory board and its officers must be Alaska residents. A local affiliate of a national organization must have a local advisory or governing board.
- The program is limited to nonprofits that have been or will be economically damaged by the COVID-19 public health emergency. Your organization must have experienced or will experience a loss of income caused by required closures and/or cancellations of services/programs due to the COVID-19 pandemic, and/or have incurred or will incur expenses in direct response to the Coronavirus public health emergency between March 1 and December 31, 2020, in one or more of the six categories detailed in the U.S. Treasury list of Eligible Expenditures, which are included in this grant packet.
- The grant funds must be fully expended by December 30, 2020.
- Applicants must provide a 2019 IRS Form 990. For those nonprofits that do not file with the IRS, an audited 2019 financial statement will be accepted. If your organization has neither of these, an unaudited 2019 financial statement will be accepted. Grant maximums are generally determined by 2019 income for programs within the City and Borough of Juneau.

Resurrection Lutheran Church (RLC) has a long and proud history of serving those in need in Juneau and Southeast Alaska. In the past, it hosted programs such as the Catholic Community Service daycare, Thrush Hill Music School and numerous recovery programs. The RLC Quilters annually donate hundreds of their handcrafted quilts to those in need locally and worldwide. It is a member of Love INC, Southeast Alaska Food Bank, the Juneau Suicide Prevention Coalition, Family Promise and regularly participates in the Juneau Coalition on Housing and Homelessness and Coordinated Services meetings. Currently, RLC operates the largest food pantry in Juneau feeding 150 to 200 individuals and families each week. RLC hosts many of Juneau's performing organizations who rehearse and perform at RLC. Also, various community and recovery groups have used meeting space at RLC for years.

Even before the COVID-19 pandemic, the church was expecting a challenging year in meeting its budget goals and obligations. RLC had planned on addressing those challenges through a combination of stewardship drives and community outreach grants. Despite these financial challenges, when the COVID-19 pandemic hit Juneau, the church stepped up. It expanded the RLC Food Pantry to meet the increased need and expanded space and resource usage to address COVID-19 pandemic safety. The church created RLC Live! which streams its services not only to its congregation but to others in the community who cannot attend church. It has created a safe, social distancing virtual-meeting space (live-streaming, Zoom, GoToMeeting, WebEx) for itself and the community. Additionally, RLC has created a safe, social distancing rehearsal/performing/recording space (live stream, Zoom, GoToMeeting, WebEx) for the community.

The RLC Food Pantry team reconfigured its operations using more of the church's facilities, new technology (on demand ticket/queuing system) and other innovations, to allow its patrons to maintain social distancing and to continue make their own food selections (instead of being given pre-boxed/bagged food). This involved creation of an additional patron service area in the church for greeting, ticketing and beverage/snack distribution (and contact) by the Pastor. This area has become its own ministry and now provides (a much needed) lunch to these patrons while they wait (there is always a long line) for their turn to enter the RLC Food Pantry in the downstairs of the church (which also has now an entire room of free clothing from St. Vincent de Paul Thrift Store). RLC has seen a great increase in utilization of the RLC Food Pantry to individuals and families who have never visited a food pantry – including those who have become unemployed during the COVID-19 pandemic.

RLC was the first worship community (on 3/22) in Juneau to respond to the State's mandate closing worship gatherings by live streaming its worship services from its sanctuary. It has continued to do so since then and is currently in the process of a major upgrade of its production capabilities, live streaming in high-definition with eight cameras, eight-track/48-channel audio, six-person production staff and five-person worship team. During the pandemic, the congregation has focused on sharing its streaming worship service on the internet with those outside the congregation who cannot attend church. RLC believes it has created a unique hybrid live-event in-person/online-worship experience (analogous with the National Cathedral Episcopal service from Washington DC, which has about 12,000

viewers/week). Using this multi-camera/audio channel audio studio in its large sanctuary, RLC has developed meeting and event video conferencing (live-streaming, Zoom, GoToMeeting, WebEx) capabilities which allow for social distancing for community groups and organizations who use the church's meeting facilities. Additionally, these capabilities will allow Juneau's performing organizations to return to rehearsing and performing at the church.

The COVID-19 pandemic severely impacted stewardship (eliminating budgetary gains made in FYQ1) and putting additional demands on the RLC Food Pantry (\$1,100 spent and \$3,900 expected, totaling \$5,000). Because of the COVID-19 pandemic, the church has lost almost all contributions from the various community groups that have used space at RLC for years. Additionally, expenses related to live streaming increased the church's GCI bill. These losses and additional expenses amount to \$3,660. The RLC Food Pantry has incurred and expects to incur for the remainder of this year, additional expenses for food, supplies and equipment directly related to the COVID-19 pandemic totaling \$5,000 for the year. To date, the equipment necessary to stream worship services and provide online social distancing meeting facilities been temporarily loaned or purchased by congregation members. In order to meet its 2020 requirements, RLC needs to reimburse/replace/purchase this equipment and acquire additional equipment at a cost of \$20,000, for which the church has already received a grant of \$1,500 from the ELCA Alaska Synod (maximum available), leaving a need for \$18,500.

Thus, this request for COVID-19-related expenses and loss of revenue of \$3,946 + RLC Food Pantry COVID-19-related food, supplies and equipment \$5,000 + and RLC Live! Community Services COVID-19-related equipment \$18,500 = total grant request \$27,446.
