Regarding: Grant Request to Continue of Resurrection Lutheran Church (RLC) Safe Space for Schooling (SSS) Program for January and February 2021

Dear Amy:

Resurrection Lutheran Church has been operating a Safe Space for Schooling site since October 22<sup>nd</sup>, under the auspices of our sister Shepard of the Valley Lutheran Church's program and Pastor Tari Stage-Harvey directorship. Pastor Tari has asked that we operate separately going forward, and that we approach you for possible continued funding. The initial costs to establish the program at RLC, including the renovation of our downstairs space (with a capacity of 30 students) has been paid for by the current grant. The costs related to continuing the RLC SSS program into 2021 would only be related to staff and operational expenses.

We have served over 25 students (with our limited capacity during the downstairs renovation) with up to 14 students a day. Under our close relationship with Harborview Elementary, its staff and teachers, and our staff (with education backgrounds and/or credentials - some on furlough) we have become an "ad hoc" instructional aid program for some students who had fallen behind, whom the school have brought to work with us. In addition to serving breakfast and lunch, helping with class attendance and schoolwork, we have provided additional programs such as holiday festivities, "sprit week," music practice with variety of instruments in the sanctuary, and video productions in the RLC Live! television studio.

The school district and Harborview have requested we continue to operate the RLC SSS program for January and most likely February. Our proposed budget to operate from January 4<sup>th</sup> through February 26<sup>th</sup> at current staffing and operating hours (7:30 am to 3:30 pm) is:

Staff	1 supervisor and 2 staff	\$1,500 weekly	\$12,000.00
Operating Expenses	Taxes & Accountant		\$500.00
	Internet	\$200 a month	\$400.00
	Food	\$100 a week	\$800.00
	Supplies	\$100 a month	\$200.00
Total Request			\$13,900.00

Thank you for your consideration. There are many students who have already participated and benefited from this program, and we are thankful to partner with you and the school district, so they are safe and supported in their efforts.

Sincerely,

Bradley Perkins
